

KAMEHAMEHA DAY ON HAWAII

Thousand Gather at Hookena School Grounds and Occasion Is Celebrated.

(Special Bulletin Correspondence.)
KAUHAUO, South Kona, June 12.—The Hookena school grounds was the scene of a large gathering last Saturday, the occasion being the celebration of Kamehameha Day.

Children from five schools, namely, Hookena, Kona, Alae, Napoos, and Honaunau, participated in the entertainment of the day, which was one of the most successful events which has taken place here in many years. Great credit is due to the inspector of schools, Prof. Charles E. King, who, with the assistance of the following gentlemen: S. K. Toomey, principal of Alae school; Francis Akana, principal of Kona; Wm. Kekapa, principal of Napoos; T. N. Hane, principal of Hookena; and Lot Kauwe, principal of Honaunau, made the event the grand success it was.

Kona can boast of a scholarship of over 300 pupils, Hookena 103, Honaunau 90, Alae 67, and Napoos 60. The children were neatly dressed and made a very presentable appearance.

Drill Is Interesting.

A large stair-like platform was erected for the occasion upon which the children were mounted. They sang songs and went through a dumb bell exhibition, keeping time to the tune of their songs. The latter feature was performed by the pupils of Hookena school, and was quite interesting.

The respective schools entered a song competition, Dr. Goodhue offering a prize to the winner, the following ladies being selected as judges of the contest: Mrs. E. E. Conant, Mrs. A. S. Baker and Mrs. M. P. Scott, and after careful consideration, as the picking of a winner was a delicate matter, the prize was awarded to the Hookena school. Representative H. L. Kawehewehe made a speech which was well received by those present.

The most impressive part of the program was the singing by eight teachers, under the leadership of Prof. Charles E. King. They happened to be all schoolmates and their old-time songs and their voices blended most wonderfully. They were encircled, repeatedly. After the entertainment the crowd repaired to the school house, where they were treated to a luau, with delicious pink machine-made poi manufactured by M. C. de Mello of Keel, S. Kona.

Visitors came from all over the district, some riding thirty miles and more, and they did not regret their coming, and everyone spoke of the success of the exercises. There were in attendance approximately one thousand people.

FIELD MEET AT FORT SHAFTER

**Soldier Boys Will Hold Important Athletic Event
On June 26.**

Athletics out at Fort Shafter are going some at present. Sergeant Woodruff is the live wire among the bunch. Baseball is played every day among the different companies. A military field meet will take place on Monday, June 26, which will occupy the whole day. There will be no track meet, as it would be too one sided, Company H having all the best runners, which would make the meet uninteresting. As to the field meet, each company has a chance to win and all the teams are training for the sports. In the fifth match, Company H, of which Sergeant Woodruff is a member, has held the championship for the last two years and is determined to win again in the coming competition.

MRS. COMPTON'S LIBEL SUIT IS STILL ON

HILO, June 12.—Contrary to the statement which has been published, the libel suit of Mrs. Compton against the Advertiser has not been knocked out on demurrer and only one ground of the demurrer was sustained and leave given to amend that at once, with the further requirement that an answer must be filed by Monday, June 12. Had all the grounds of demurrer been sustained, the case would have been at an end, but only the least important was approved by Judge Parsons. This point was that in the complaint it was not stated that the readers of the publication generally connected the name of Mrs. Compton with the characterization of a "scheming woman." Judge Parsons also stated, in response to Attorney Murphy's attempt to put the case off for a long period that the case must be tried at the June term, which will be started in about ten days. This means that a trial should take place during the month of July.
